The Evansville Bicycle Club Newsletter

July
2008

President's Page

Darlene Wefel - EBC President

When I think of July, my thoughts immediately turn to Independence Day on July 4. The next thought is our Annual Firecracker Ride. This year it will be on July 5 at 8:00 a.m. starting from the New Dam Overlook in Newburgh. There will be a 17 and a 30 mile route from which you can choose. Afterwards, you can relax in the shade and enjoy refreshments.

On July 9, we need ten volunteers to help at Ivy Tech for Project Safe Schools/Healthy Students. Your help is needed from 1:00-4:00. We will be pumping tires (air compressors provided, fitting helmets and showing a safety video. This will be done in their air-conditioned facility. Please contact me if you can help.

The Evansville Bicycle Club is helping Micheal Harney with the purchase of his special needs bicycle. Look for more to come a future newsletter.

Does anyone need another EBC Jersey? It's time again to start looking at purchasing/ordering jerseys. Look at the enclosed form. This is just an inquiry to see if we have enough interest to place an order. I'm working on pricing now.

Anyone interest in the Southern Tandem Rally September 19-21 in Bowling Green, KY? If so here is the link to their web site: <http://www.gdrinc.com/str2008/>.

About eight years ago, John and Pam Small, Wayne and Nance Fiester, and Bob and I did the Southern Tandem Rally and it was a blast. I can't express how much fun it was.

If you have a Tandem, this ride is a MUST considering how close it is to home.

I'm sad to announce to all of you that Chris Hancock, Director of the Indiana Bicycle Coalition, has resigned to take another position. Many of you had a chance to meet him at our banquet last year and he worked hard during his time as director. He will be hard to replace. I wish him great success in his new position.

The Great Pumpkin is just around the corner. Get your friends together and do a rest stop. Dave Yeley has put together a great theme and we want to carry this theme throughout the ride. It's going to be so out of this world. Give Linda Clemmer a call.

Last but not least, St. Mary's Bicycle Rodeo is taking place on August 23 from 10:00 am to 1:00 pm at the Kohl's parking lot on the west side. Please mark your calendar and plan to help.

To wrap up my Independence Day thinking, I'd like to share a couple of thoughts with you:

- We are blessed to have such a dedicated group of riders who volunteer to mark routes, build web sites, manage the day to day boring task, to have Rusty Yeager who has served as Statistician for the club for so many years, and many other members who step forward and go above and beyond to assure that the club keeps thriving.

- We all have rights and privileges but they should not infringe upon the rights of others. I would like to remind all members, guest riders, and any person who rides on public roads to act with respect and courtesy towards fellow riders and to drivers of automobiles. We have many new riders in the club, and many members who are not comfortable with riders being close to them, being passed by a fast moving pac of riders closely, or being cut short. Please give other riders plenty of room and say "on your left" when passing. It is a privilege to ride with the club.

Respectfully Submitted,
Darlene Wefel

EBC JERSEY

Interested in ordering a Jersey? Will price at cost. Last order in 2005 cost was \$56-\$57 dollar. If interested contact Rusty Yeager or Darlene Wefel via email or snail-mail and provide the following information:

- 1.) Name(s)
- 2.) Size(s)
- 3.) Short Sleeved or Long Sleeved?

Contact Info:

NOTES FROM THE EDITOR

Fellow bikers and friends,

The last two months have been anything but fun. Actually, the event at TJ Maxx wasn't too bad. Considering it was my first accumulation of club miles since the end of April, I can't complain too much. Unfortunately, these miles didn't really fulfill my main desire which is to get back on the road.

Since I am not riding, I have been thinking about how I can be an advocate without being on a bike. Knowing the state of bicycle advocacy in this area, it isn't easy to win people over to riding something that does not need gas.

The Evansville Courier Press has had a fair amount of coverage in recent weeks about bicycles and future plans to build bicycle lanes through portions of the city. Every time there is a mention of bicycles, it seems that every bike-hater heads to the website to talk about bike riding slows down the lifestyle of those who are driving.

So far, I have gathered that cyclists do not properly signal or stop, ride three or abreast and never let cars pass them and every person riding a bike is a member of the "bike club." Now, I'll admit to be one to blow a stop sign occasionally, but I try to be very aware of my surroundings. Knowing the bad rap that we get, we have to make sure that our actions on the road do not provide any negative publicity.

I am not encouraging you to disregard the law, but I understand why we don't stop or signal all of the time. What I am encouraging is for us to ride smart. We need to build support and we can't do it if we look like lawless bandits. If it won't kill a driver to wait an extra minute to safely pass us, it won't kill us to make sure we stop at the next intersection.

THE TRAIL JUNKIE ON THE CHIEF LADIGA TRAIL

By Charlie Miller

A recent business trip to Anniston, Alabama gave me an opportunity to explore a little bit of the Chief Ladiga Bike trail. I discovered the trail on a previous visit to Anniston, so when I had to return several weeks later, I took my bike with me. The western trail terminus is located at Anniston's Woodland Park. It runs 33 miles in a north-east direction to the Alabama-Georgia state line. It links up with Georgia's Silver Comet trail which continues on through Georgia for another 68 miles and terminates in Smyrna, a suburb of Atlanta. The Chief Ladiga trail was Alabama's first extended Rails-to-Trails project. The final four miles linking it to the Georgia border was only completed within the last year.

The trail is named after Chief Ladiga, a Creek Indian leader who signed the Cusseta Treaty. This treaty opened up most of northeast Alabama for settlers to move in. Chief Ladiga once owned much of the property that the bike trail runs through. He

sold a large portion of it to speculators who founded the town of Drayton which later became known as Jacksonville. Chief Ladiga continued to own and operate a trading post on what is now Jacksonville State University's campus until he and his wife moved to the Cherokee Nation near Piedmont, AL.

The trail is blacktop paved its entire length and parallels Alabama SR 21 for most of that distance. It wanders through both urban and forested areas and passes through the towns of Anniston, Weaver, Jacksonville and Piedmont before reaching the Stateline Gateway that connects it to the Silver Comet trail. The Chief Ladiga trail also passes through some beautiful

NEW PRIORITY BICYCLE SERVICE FOR EBC MEMBERS AT GILLES CYCLING & FITNESS

As avid cyclist ourselves we know how important it is to stay on a weekly riding / training schedule. We also understand what an inconvenience it is to have a mechanical problem and not be able to stick to our schedule because our bike is in the shop.

At Gilles Cycling and Fitness, we want to help the EBC club member stay on the road. There are two methods you, as a current EBC member, can use to receive priority bicycle service. Here is how the first option works, just bring your bike into the store, present your current EBC card and ask for the 48-hour priority service program on any of the adjustments listed below, we will have you back on the road within 48-hours.

- * Bar tape
- * Brake adjustments
- * Cables brake or derailleur
- * Derailleur adjustments
- * Derailleur hanger alignment
- * Headset adjustments
- * Tires / tubes replaced
- * Wheels trued or spoke replacements

The second way to receive priority service is to call ahead and make an appointment. This option is great if you would like to wait for a small repair to be done or for jobs requiring more time such as wheel rebuilding or complete bike overhauls. With this option we can have you back in the saddle and ready to ride in just a few hours. Of course if repair parts would need to be ordered, additional time would be required.

Gilles Cycling & Fitness wants to help you stay on your bike and obtain your 2008 fitness goals so stop by and try out the new EBC member priority service programs today.

Ride safe,
Gilles Cycling & Fitness

Any EBC member is welcome to submit personal stories about rides, equipment or anything else to do with cycling. Please send your stories to Dan Krueger at yesman1000@hotmail.com. Pictures are welcome and HIGHLY encouraged.

(Trail Junkie - Cont. from page three)

farmlands, wetlands and forest area with wooded mountainsides visible along the horizon as it meanders through parts of the Talladega National Forest.

I only got to ride 14 miles of the trail on my visit but found it to be an enjoyable experience. The day was very hot with temperatures reaching into the mid 90's. As long as I kept riding, I felt a comfortable cooling breeze. The minute I stopped the bike to take a picture, the midday heat hit me like a blast furnace. I began to sweat, even in the shady areas. One of the nice features of the trail is the upright distance markers located along the trail to indicate every 1/2 mile and 1/2 kilometer. They made it really easy to judge my mileage as I forgot to bring my Cateye with me.

The other thing I found enjoyable was the dense pine smell that permeated the air. Much of the trail section I rode upon was lined with either Loblolly or Virginia Pines. I'm not sure which they were but they certainly were fragrant. It was a nice clean smell that added enjoyment to my ride. I wish I could have spent more time riding the trail but time was limited on this trip. If another trip to Alabama is in the offering for me I will certainly plan for a longer ride exploring the entire length of the Chief Ladiga Trail.

that you are on equal terms with. You'll be able to practice paceline cycling, following a wheel, riding in close quarters, cornering in a group, and other important skills.

EBC BICYCLE REPAIR CLINIC

Gilles Cycling & Fitness is very excited to announce that we have been invited by Darlene Wefel and the EBC to hold a bicycle repair clinic at the July club meeting.

Gerry Beck from Gilles will be the featured speaker of the evening. Gerry has over 38 years of experience in this field and will unlock the mysteries of general weekly and monthly bike maintenance, roadside repair and much more. This is your chance to learn from a pro bicycle technician exactly what it takes to keep you rolling safely down the road.

Whether you are new to cycling or have many seasons under your jersey, please join us at July EBC meeting on Thursday July 10. The meeting begins at 6:30pm at the Newburgh Pizza Chef. Join us for a fun and FREE education in the art of bicycle repair.

See you there,
Curt Jones

T.J. MAXX BICYCLE SAFETY

A new bike helmet is fitted for an attendee.

This young girl enjoys some shade before turning.

Some crazy guy in a back brace teaches hand signals on the bike course.

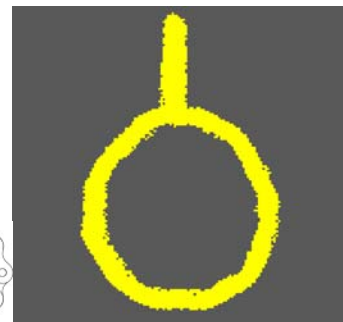

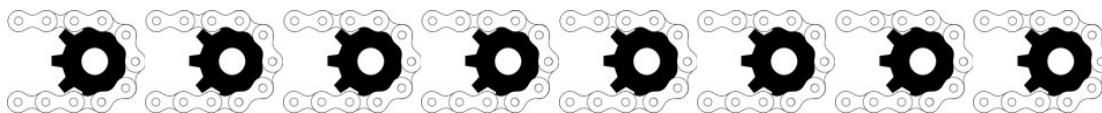

Two boys show off their bikes and new helmets.

MARKED UP!

Ride Schedule and Website News with Tour Director and Webmaster, Jay Vercellotti
rides @ endlessvistas.com

Firecracker Ride: Bob and Darlene are hosting their annual firecracker ride on July 5th at the Newburgh Dam Overlook park. This has been a favorite of mine for years. The route has a lot in common with the Castle routes and then there's always that wonderful vertical ascent up to the parking lot at the finish! Also, I've never left this ride the least bit hungry. So mark your calendars and don't miss this one!

Route Maps: The short and long Henderson routes have been added to the web site, along with the cue sheet for the Ride to New Albany. If you are planning to ride a route for the first time, or ride a century, be sure to check the web site beforehand so you can print yourself a cue sheet. For the routes on the bikely.com web site, you can click on the route on the EBC site, then click Show and Cue Sheet. I'm working on getting all the routes mapped first, then my next project is to try to get all the routes to fit into a small booklet that you could carry in your pack.

Ride with Tour d'Evile: On July 26th, we will join the Tour d'Evile for a morning ride at the Hornville Tavern at 9:00am. Riders should plan on leaving on time, not early, as that is their tradition. Slower riders (such as myself) should be able to find people who ride at about the same pace.

Get out there and ride — any distance at any speed. Just be sure to enjoy yourself along the way.
