The Evansville Bicycle Club Newsletter

Notes From The President's Corner

Darlene Wefel—EBC President

It seems like I've been out of the loop and off the bike for months although it has only been 5 weeks. By the time this newsletter is published, you should see me out there struggling up the hills and trying to get back in shape. Two things I have realized since I've been convalescing:

1. I'm not ready to retire and stay home!
2. I could not give up cycling. I've been counting the days until I can hop back on my bike and go for a ride.

March has been a pretty good month for cycling with temperatures reaching the upper 60's on occasions. Just think, spring has arrived, and the weather should continue to improve. Life is good!

In the last few weeks, I have received several requests for bike safety training courses. On Sunday, April 5th, the Newburgh Boy Scouts have requested bike safety and maintenance assistance. This will take place at the Boy Scout's lodge on Outer Grey in Newburgh @ 6:30. Bob and I will be going,

and, if anyone wants to join, please contact me. This is the Adventure Group that we donated bikes to, and they are getting ready to ride Tunnel Hill in Illinois.

On Sunday, April 26th, West Terrace Boy Scouts Pack 390 will be having a bike safety and bike rodeo event @ 2:30 pm. Help is needed! They have 30 boys that will be going through the training. We need a couple of people to inspect bikes, make minor adjustments, fit helmets, show a video, and guide them through the course. As in the past, some of them may even need assistance in learning to ride. I'm hoping for about 10 volunteers. Club miles!

Last week, I received an email from Paul Arlinghaus telling me about all the progress at New Harmonie State Park on the Mountain Bike Trails. So I went to New Harmonie and walked 4 miles of the trails. One word describes it: **"SWEET!!!!"** According to Paul, help is needed to complete the last section.

The grand opening of the trails should be in a few weeks. Ron Pendley has been coordinating help on this project, so please contact him. If your unable to reach him, I can put you in touch with Paul.

May is National Bike to Work Month, and I'm hoping we can coordinate a bike-to-work group. I'm working with the Miles Ahead Coalition on doing something from Newburgh. There will be more about this in next month's newsletter.

Be safe, and ride smart.
Respectfully Submitted,

Darlene Wefel

Getting a Jump on the Pumpkin

Dan Krueger, 2009 GPM Coordinator

Hey everyone!

The GPM is right around the corner...actually it isn't, but it will be in our sights before we know it. Pretty exciting and a little scary at the same time. The GPM Planning Committee has been doing an excellent job helping to coordinate everything. I can't say enough about the effort that Dave Heng, Linda Clemmer, Renee' Hanft and Leandra Krueger have been putting forth.

Right now, we are looking to secure sponsors for the GPM. I am already working on a couple of groups, but there are many more to be approached. I'm sure that some of you have connections to some of our

past sponsors, but I just don't know about it. Please contact me if you can make something happen.

You will notice that Saturday, April 4, is going to be a GPM Training Ride. This is going to be at Garvin Park starting at 1:00 pm. We will ride the loop for one hour. I know this isn't equivalent to the normal 40+ mile rides that many of us do on Saturdays, but this is an important promotional event. We would like to get a lot of new or inexperienced riders to attend and give them a chance to interact with the club and ride in a safe environment.

In addition, Gilles Cycling is going to hold a 15 minute "Quick

Fix Seminar" before the ride. This will provide some basic maintenance or repair tips for our riders.

In the future, training rides will hop back and forth from short rides to long rides to accommodate every type of rider and give them the confidence they need to ride the GPM in October.

Thank you for your continued support. Catch ya later.

Dan Krueger
2009 GPM Coordinator

GPM Rest Stops

The theme for this year's Great Pumpkin Metric is "A Cycling Holiday".

We can have a lot of fun decorating the rest stops for the holidays. Pick a holiday and one of the 5 rest stops. Then, volunteer to coordinate that stop.

Duties include: decorating the stop, picking up supplies Saturday before the ride and arranging for help to serve and encourage the hungry cyclist. Those who have worked stops before know how much fun it is. By choosing a holiday and signing up early,

we can find some real bargains on decorations.

- The stops are:
- 7.6 mile on the shorter 25 K route
 - 12.6 mile - Yeley's
 - 27 mile - Burdette Park
 - 40 mile - St Philip's ball field
 - 53.7 mile - St Wendel

Meet Your EBC Officers

Vice President — Paul Jensen

Q: *What attracted you to become a member of the Evansville Bicycle Club?*

A: In 1999 I had been doing what I thought was a lot of riding. I was riding about 20 miles a day going to work and back on a hybrid. I was doing this three or four times a week. As the summer was winding down, and being in fairly good shape, I read about the Great Pumpkin Metric and thought I would give it a try. There was no 20 mile ride so I opted to step it up and do the 50K—32 miles. It was exhilarating! It was a beautiful October Sunday, there was little or no wind, and I hooked up with a couple of friends, and we stayed together the whole way. At the end of that ride I said to myself that if there was any way that I might be able to preserve this ride, and make sure that it would be available for others to enjoy, I would assist in that effort. Consequently, I joined the club and became an advocate of cycling.

Q: *What do you enjoy most about being EBC Vice President?*

A: Being Vice President is not an overly stressful position in that the only “official” duty is to take the place of the President if

that person cannot be present at a function where the President is to represent the Club in some official capacity. I must tell you that being the Vice President with Darlene as President has been a piece of cake. She is very rarely unavailable and when she can’t be at a function, she makes sure that I am fully prepared to take over.

Q: *In your opinion, what makes the EBC unique?*

A: I think the club does more than just the following, but these are the ones that stick out in my mind:

- We conduct eight to ten safety clinics/ rodeos per year
- Answer requests from non-profit organizations and individuals requesting financial assistance in special needs relative to cycling
- Sponsor up to ten rides per week
- Sponsor and conduct the Great Pumpkin Metric
- Keep track of and publish an individual’s mileage for the month/year and recognize riders for accomplishing personal and club goals.

Q: *What advice would you give a budding cyclist?*

A: The more you ride the easier it gets. Many of us

remember that first ride and thinking that 23 miles was a very loooooong ride. You also think that going a century is only for crazy people. And lo and behold, sooner or later, you find yourself joining the crazies.

Q: *What’s your favorite post-ride meal?*

A: You know, I have never equated riding with eating, and I can’t ever remember thinking that when I am done with a ride I would love to have a certain meal to eat.

Q: *Where is your favorite ride?*

A: This question is probably the easiest to answer. I really like the Elite rides. Probably the 35 mile and if I am with the right company, the 43 mile.

Q: *What would you do with an extra hour a day?*

A: I have four grandchildren between the ages of 4 and 11. All are boys and they all love sports. When I am not playing a sport with them, I am attending one of their contests. So, having an extra hour a day would allow me to either play with or watch them participate.

Q: *What’s your favorite joke?*

A: Two quick jokes:

The New Boss

A large company, feeling it was time for a shakeup, hired a new CEO.

The new boss was determined to rid the company of all slackers. On a tour of the facilities, the CEO noticed a guy leaning on a wall. The room was full of workers, and he wanted to let them know that he meant business.

He walked up to the guy leaning against the wall and asked, “How much money do you make a week?”

A little surprised, the young man looked at him and replied, “I make \$400.00 a week. Why?”

The CEO then handed the guy \$1,600 in cash and screamed, “Here’s four weeks pay, now GET OUT and don’t come back.”

Feeling pretty good about himself, the CEO looked around the room and asked, “Does anyone want to tell me what that goof-ball did here?”

From across the room came a voice, “Pizza delivery guy from Domino’s.”

Bathtub test

During a visit to the mental asylum, a visitor asked the director, “How do you determine whether or not a patient should be institutionalized?”

“Well,” said the director, “we fill up a bathtub, then we offer a teaspoon, a tea-cup and a bucket to the patient and ask him or her to empty the bathtub.”

“Oh, I understand,” said the visitor. “A normal person would use the bucket because it’s bigger than the spoon or the tea-cup.”

“No.” said the director, “A normal person would pull the plug, Do you want a bed near the window?”

Thanks, Paul! — Ed.

Ride Schedule and Website News with Tour Director and Webmaster, Jay Vercellotti
rides @ endlessvistas.com

GPM Family/Training Ride: Our GPM coordinator, Dan Krueger, is starting up a periodic GPM training ride this year. The idea is to help people in the community learn about, and begin to train for, the GPM. The rides start out easy, but will get a little longer as the year progresses. These rides will replace a regular ride on the schedule because we need a good turnout of club members. This month's ride is a circuit ride at Garvin Park at 1:00 PM on April 4th.

Town and Country Bike Tour: On Saturday, April 18th, the Henderson TriFest will once again include the Town and Country Bike Tour. This ride is co-sponsored by the Red Cross and the Breakfast Lions Club. The registration this year will be at the En El Rio restaurant at 104 N. Water St. This is right across the street from where they've started in previous years. As an added bonus this year, **En El Rio will provide Mexican rice, beans, pasta, and beverages free to all participants after the ride.** The route mileages are the same, 12, 36, or 62.5 miles, and the club start time is 8:00 AM, but registration will start at 7:00 AM. This ride is one of my favorites because it

is the first event of the year for the EBC. It's a great way to begin a summer of riding if you have been hiding out indoors all winter like I do!

Summer Ride Schedule: The Tuesday through Friday summer rides are back on the schedule until the end of October. It's about time that summer arrived! Remember, the Sunday afternoon ride still starts at 2:00 PM. The time will change to 3:30 PM in May.

*Get out there and ride — any distance at any speed.
Just be sure to enjoy yourself along the way.*
