## The President's Corner

We finally get a break!!! The month of August has proven to be much more conducive for cycling than either June or July, so enjoy. This month has also provided much information to those of us interested in cycling the following will provide you with a quick summary of some of these stories.

Kicking off with the new Federal legislation involving the Transportation bill that was mentioned in last month's column which could adversely cut funding for biking projects by up to 30% and then giving the power to the states to decide whether to fund the money for recreational projects (biking & walking projects) or other types of highway projects. Governor Mitch Daniels of Indiana signed on to continue funding projects that involve biking. This will continue projects such as the walking/bike trail from Sunset Park in Evansville to both the LST and Angel Mounds. Yahoo! And thank you Governor Daniels!

Early in the Spring I remember seeing a where a cyclist was intentionally side-swiped by an auto and because the cyclist had a camera attached to the front of his bike resulted in the camera picking up the license plate and consequently ending in an arrest by the authorities.

I thought that was something to be investigated. Then come to read that many cyclists, especially in the West, attach cameras to their helmets initially to record their rides, but as an added benefit to record confrontations with cars. The article went on to say that these cameras are available for as little as \$130.00. Sounds like something some of us might want to look into.

A solution that might help when it comes to the American attitude toward those of us who cycle on public roads. An interview with a European cyclist riding in the states revealed that in Europe Driver Education students are taught and reminded constantly in their classes that cyclists are to be respected and given the right of way in all instances. Something we might want to try here. It certainly would not hurt to try!

My personal opinion on Lance Armstrong and his being "stripped of his seven Tour de France victories" by the United States Anti-Doping Association (USADA). The original purpose of this association is the testing of American Olympic hopefuls and is now seemingly making a power play making a reputation trying to take over many other sports. Armstrong has been defending himself for the past seven years since his last Tour victory plus the seven years before that by being tested over 500 times sometimes being awakened in the middle of the night during competitions to be tested. In almost all "random" testing he somehow was the person randomly picked—out of 190 or so riders. How long would any of us last being hounded most every day with those accusations. Armstrong brought millions of Americans into the cycling world who previously had no interest in "The Tour" let alone professional cycling. Again, if you never failed a drug test and was never proven positive what more is there to say? It appears that the only way the USADA can get "proof" is by strong arming and threatening other riders with sanctions unless they "fess up" leads me to have very little respect for the work of the USADA.

Lastly, this is the month of the The Great Pumpkin Metric and we are looking forward to a very busy month—Please set aside Sunday, September 30 and volunteer to help out. Call Darlene Wefel and make a move.

Cheers,

Parthur

### Evansville Bicycle Club, Inc. Mission Statement

The Evansville Bicycle Club Inc. is an organization formed to promote bicycling in the Tri-State area. We advocate bicycle safety and education in our local communities by participating in and supporting health, fitness and cycling activities. The club provides the opportunity for cyclist of all ages and abilities to partake in cycling activities on a regular basis by offering a variety of rides weekly.

## EBC KIDS CORNER

### GO GET 'EM CARSON!

**PROPS** go out to Carson Brindle in the Indianapolis Mass Avenue Criterium on Saturday, August 11th.

This was a premier event staged in downtown Indy and was featured as the Elite Indiana State Criterium Championships.

Carson smoked 'em as he won first place in the "freewheelin' Kid's Race in his age group.

# GREAT PUMPKIN METRIC

SEPTEMBER 30, 2012

31 YEARS OF GPM

The Great Pumpkin is almost here Charlie Brown! Behind a great ride comes months of planning a preparation. Lots of volunteers are needed to make this ride a success. Rusty needs 8 - 10 people for registration, Ronnie Lee needs 2 - 3 people to help cook pasta on Saturday afternoon (Sept. 30th), Parking in the morning we need 4- 6 people, Jay needs 6 - 8 SAG drivers (club will reimburse gas), Gary needs 4 - 6 people in the morning to help set up the swine barn and to help setup the tables and chairs for the pasta dinner, Diane needs a couple of groups to man rest stops, we need a photographer to pics of riders, rest stops, working crew, etc. to capture the spirit of the GPM, Ronnie needs a crew of 5-6 people to help with the pasta line, Mark Oliver will need several people to help with the support truck

setting up the tents Saturday afternoon and Sunday morning to distributing tables and other necessary items, then in the afternoon to pick up the supplies. If you add it all up we need about 50 - 60 volunteers to make this a success.

If you haven't already signed up to help, please call one of the following people. Darlene Wefel 568-9828 - GPM Coordinator, Rusty Yeager - Registration 464-5862, - Diane Bies - Rest Stop Coordinator 473-3546 (there is no set theme this year so use your imagination and let your creativity run wild), Ronnie Lee - Pasta Bar 421-8963, Gary Gardner - Swine Barn Coordinator 853-0476, Mark Oliver - Rest Stop/Transportation Coordinator - 476-3898, and Jay Vercellotti - Sag Support 867-7549. If all else fails call Darlene Wefel.

This ride benefits all members of the club by providing funds to cover the, funds to keep the bicycle safety programs going throughout our communities, adaptive bicycle program, support cycling through our contributions to Indiana Bicycle Collation, and League of American Bicyclist. Many things depend upon the success of this ride. The club asks very little of members throughout the year, and this event is our only means of raising money. The success of the Great Pumpkin Metric depends on the help of all members. This year we are hoping to have more than 1000 riders.
