Diane Bies

Okay, so I know the newsletter is late this month and I take full responsibility. I have been riding too much, if that is possible, and having too much fun, again if that is possible. Additionally, part of the problem is that there are so many biking events happening in May because it is National Bicycle Month!!! I had a hard time with the calendar and getting all the events scheduled on there. Between the calendar issues, my addiction to riding on nice days when I am not working, and Steve Gerbig's last minute invite to the Fab Four concert I just couldn't get it done on time.

On a more serious note:

There are so many opportunities to ride this month. I hope you will partake of some or many! We kick the month off with the Harmony 100 which is happening on May 2 and 3 this year. It is always a great ride with beautiful scenery and good times. Then the next weekend May 9 is the Rockin River City Ride sponsored by the Junior League of Evansville. They happen to staff a rest stop each year at the GPM so we really need to support them and this ride in return. Again it promises to be a fun day with lots of riders and several routes to choose from. May 11 through May 15 is Bike to Work Week. Friday May 15 is Bike to Work Day. If you can ride to work that week, or at least on Friday, it would be a great way to show our love of cycling and encourage your fellow workers to do the same.

On May 17 Evansville will host the Indiana State Games in cycling. This is a competition for any cyclist over 50 years young. Please enter the competition if you can or consider volunteering as many time keepers and course marshals are needed. May 17 in the afternoon from 1-4 is Evansville's Streets Alive Festival on North Main Street. We will have a booth, do helmet fittings, offer bicycle powered smoothie making and serving. Please consider volunteering for this event as well.

On May 20 we will have our annual Ride of Silence. It is a very moving experience as we ride slowly

through town with a police escort as a group in total silence. We ride for those who have been injured or

killed while riding a bicycle. This year I hope we will have a large turnout as we lost a fellow EBC member last month. Joan Baehl went over her handlebars on the EBC Sunday afternoon ride on Easter Sunday. She was buried just under 2 weeks later. She was a great asset to the club and will be missed. Please come ride to remember Joan and others.

The weekend of May 23 is Horsey Hundred weekend in Georgetown, KY just outside of Lexington. We always have a good number of EBC riders who participate in these fun and beautiful rides as well. Monday May 25 is Memorial Day and we will offer a special ride that morning at Scott School. Looking forward to JUNE we have a few special events on the calendar then as well.

June 1 Monday morning there will be a special News Conference ride for the River City Classic Bicycle races that will be held on June 6 in Garvin Park. We are in need of volunteers for that event. See the article about the races in the newsletter and please volunteer!! There will be an email going out about this as well. Please respond with your available times.

I know this reads much like my ride notes that come with the calendar. In the interest of time it is the best I can do this month.

Please read the great articles we have in the newsletter this month. "Who You Gonna Call" and "Riding with the Fuller Center". All are invited to submit articles for the newsletter. Paul would love to have more to print for us. Share your stories and opinions and whatever about biking.

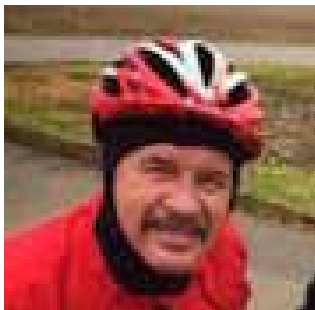

I hope you will have some fun on your bicycle during National Bicycle Month!! It is about us!

Diane

UNPLUGGED

a look at bill voegel

Hi! I am "Pill" Bill Voegel. Perhaps I should clear this up. My nickname is not because I take a lot of pills. It is to differentiate between "Hill" Bill Johnson, "Major" Bill Majors, and myself. I have been a bike rider all my adult life, but very casual at best until 2009. I have ridden the Hilly Hundred for 25 of the last 26 years, but until 2009 I would get my bike off the wall in August, ride a couple of hundred miles including the Hilly, then hang it back up. I credit Cindy Jones for getting me to take biking seriously and join the club. She noticed my "Hilly" t-shirt at the YMCA and talked to me about her spin class and about EBC. I became a regular at her class and took her up on her invitation to ride a club ride. The rest, as the say, is history.

Like most kids I rode bikes growing up, but only as a means to get somewhere. As the youngest of three brothers, I was in high school before I got my own bike. It was a Schwinn 5 speed. Yellow with chrome fenders. Mom and Dad bought it for me at Gilles when they had a store on West Columbia in Evansville. At Purdue (Pharmacy 1976), Kathy and I had matching Schwinn LeTour bikes, also yellow. Over the years I have progressed through various Trek, Nishiki, Raleigh, Serotta, and now Cervelo bikes. I have particularly fond memories of my blue Trek 600 series I bought from Small's Bicycle World on Morgan Avenue. This was when Trek road bikes were 400, 500, and 600 series. This was my first bike that almost anyone would consider to be quality, light and FAST with aluminum frame, short wheelbase and great components. I rode that bike for almost 20 years! I finally gave it away to someone in my spin class at the YMCA.

I strictly ride road bikes (Although I have been promising Ron Pendley for 2 years that I will go mountain biking with him!) From 2009 through 2012 I was all about the miles, building up to a 12,000 mile year in 2012. I mainly have Diane Bies to thank for that. She and I rode MANY thousands of miles together, and still look forward to riding together. In 2013 I evolved (or devolved depending on how you look at it) into trying to become faster. My main impetus for this was qualifying for the Senior Games and wanting to compete at the National Senior Games in the summer of 2013. I got a nutritionist to help me understand that Snickers is not, in fact, a health food, and I started personal training with Diana Holland at Bob's gym. With their help I

went from 199 pounds to my current 169 pounds. My bike training partner, Colette Loehrlein, and I are working hard at interval training to get ready for this summer's National Games in Minnesota.

In EBC I have been the Membership Chairman for the last few years. I try to help out marking routes and have driven a SAG wagon at the GPM the last 4 years. My miles have diminished since 2013 in favor of trying to get faster, but I still make it to quite a few rides. My favorite club ride is the Olmstead 22 and my favorite club century is Santa Claus. My favorite out of town ride has to be the Hilly Hundred.

When not biking I can usually be found in my woodworking shop building anything from picture frames to entertainment centers. I especially like woodworking because when I am done building, I get to turn the project over to my wife Kathy for putting on the finish. Kathy and I raised Golden Retrievers for 35 years and now our Shih Tzu "Snickers" and our beagle "Ruby" are our honorary Goldens.

Other than my marriage of 40 years (in August) my membership in EBC has been one of the best things that ever happened to me. I have made so many wonderful friends in EBC and I will remember my experiences forever. From our advocacy programs like bike rodeos, to helping put on the GPM, to informal birthday parties at Olmstead parking after a ride, I truly cherish being a part of this great organization.

RIVER CITY BICYCLE CLASSIC

On June 6 the River City Bicycle Classic returns for its fourth year! Now established as Evansville's premier bicycle race, The River City Bicycle Classic presented by Deaconess has something for everyone! Held in Garvin Park, the event includes a Kid's and Citizen's race, food booth and Tin Man Beer Garden. Make sure you put June 6 on your calendar to join in the fun and excitement!

Sponsored by your local racing team, Team Evansville Music Academy, the River City Bicycle Classic will leave you wanting more racing! Exciting and fast-paced, the racers courage has no limit as they reach speeds of 40 plus miles per hour. Bicycle racers love spectators and feed off the crowd's energy. Using incredible bike handling skills, strategy and fitness, they work the course to gain the best position to sprint for a win. If you feel up for a challenge, you can try your skills by participating in the Citizen's Race.

Races start at 9:30 a.m. with the Junior race. EBC's own Carson Brindle will be competing in this event. Watch other EBC members take on Garvin Park's sweeping turns and fast course in a series of 8 high-speed races. Other events include:

- Bike Helmut fitting and give-a-way thanks to Deaconess
- Food Booth hosted by North Youth Baseball League
- Tin Man Brewery Beer Garden opens at 12:00 p.m.
- Kid's Race starts at 12:15 pm
- Citizen's Race starts at 12:45 p.m.

The River City Bicycle Classic needs volunteers to ensure a safe and successful day. EBC has always been a great support and this year your club has generously become a sponsor. Show your support for EBC and bicycle racing in Evansville by volunteering on race day. We are challenging EBC and all our sponsors to host a course marshal section. Please contact volunteer@rivercitybicycleclassic.com to sign up.

Whether you come to support your cycling friends as they race for a hometown win, come to support cycling in Evansville or come to volunteer as an EBC Member, just make sure you come to Garvin Park on June 6.

Contact info@rivercitybicycleclassic.com for more information. Find us at www.rivercitybicycleclassic.com, like us on Facebook – River City Bicycle Classic or on Twitter @rcbclassic.

I have gotten to know the people I mostly ride with yet I know very little about them and them me. Tony and I are usually together on the ride but not always. This got me to thinking. Most of us carry a cell phone and a good percent are secured with a passcode leaving it impossible to obtain any emergency contact information. I brought my concerns up at the April club meeting and mentioned that when I was training for the YMCA half marathon we had to have our emergency contact information written on the insole of our right shoe or an information tag attached to the shoe laces. There was a lot of valuable input and great suggestions however we could not come up with that one perfect solution for everyone.

I would like to make everyone aware of the multitude of options they have and hope you choose to carry this information. There are several free smart phone apps like Road ID, Medical ID, Emergency ID, and ID life that will appear on your phone screen as soon as you power up without having to use your passcode to access. These are great if you have a medical condition since you can list all medicals and other vital information. Other great Medical and emergency ID options are the ID arm bands, shoe tags, bike tags and ID plates for your helmet. Diane, Tony and I got the arm band thru Road ID and they were inexpensive. If you download the Road ID app to your phone you should get a 10% discount on any purchase. YikesID.com offers a nice selection of cyclist arm bands, tags and ID plates.
