Okay, so spring is just around the corner and hopefully we won't have any more snow until next winter. The time change happens on Sunday March 6 already! With the time change comes the addition of the evening ride on Monday and Tuesday at 5:30. It will be great to get to ride in the light! The Wednesday night rides continue at 6:00. Come out and join us, the Monday and Wednesday night riders go out to dinner after the ride quite often. Another addition to the calendar is the monthly century days. As always there is a Thursday and a Saturday on the schedule. Be sure to look at the calendar for all the dates and places to meet.

You will see an EBC jersey order form in the newsletter again. We really want to place an order soon. You do not need to pay for your order in advance but you do need to tell us what sizes you want in which style and sleeve length in order to assure we will get the jersey you want. Please be sure to return the order form by mail or email Gary Gardner or Facebook message or call or text him. We will order some extras but with all the various options it is likely we won't have just what you want unless you ask for it ahead. PLEASE place your jersey order ASAP!

We are also starting to plan for this year's Great Pumpkin Metric already. We want to make this a great year!! If you are interested in helping with the planning or the work on that day in a special capacity, please don't hesitate to contact Melissa Stepro again by phone, email, text, or Facebook. This is our big fundraiser of the year and we need lots of help! I know October seems forever away but it will be here sooner than you imagine and we are trying to get our material printed much earlier this year.

Thanks for volunteering! Also, we are hoping to approve and publish the guidelines for club mileage for the year of 2016 very soon. We will send out an email blast and will include a print copy in your dues renewal. Please look at the guidelines and some of the rules are changing. We are trying to get the mileage numbers to really represent miles ridden on club rides at the appropriate times and on the appropriate routes. We are also

opening up the mileage to make out of town rides more easily available for club mileage. This will be discussed at the March club meeting. Please come share your thoughts and ideas. This is your club and we want you to be involved.

I am planning to ride the Natchez Trace again this spring with the Fuller Center for Housing. I would love to have more riders from Evansville come along! The ride is happening on April 16 to 24. It is very reasonably priced and I will gladly transport you to and from Nashville for free. Check it out at <http://www.fullercenterbikeadventure.org/spring/> Let me know if you are interested and I can gladly do a better sales pitch!

Once more I would like to say, it doesn't matter how fast you ride or how far you go, the important thing is that you get out your bike and ride! I hope you will all join the fun on a club ride soon. And seriously consider coming to the meeting on March 10 at the Pizza Chef!

Diane Bies

# **EBC MARCH RIDE NOTES**

## **Club Meeting on Thursday March 10.**

Please come join us as we work to plan for this year. Remember we have added social time starting at 6:00. Meeting at 6:30. This is a great opportunity to get to know other members.

## **Ride Hosts.**

We are looking for ride hosts for the spring. It isn't too early to start planning that special ride you want to host. The weather will be warm again before we know it. (Or at least I hope it will be.) Be sure to let Diane Bies know what you have planned and when so she can get it on the calendar with no conflicts.

## **EFFECTIVE MARCH 6 DAYLIGHT SAVINGS TIME IS BACK!!!**

**Monday evening rides** at the 4-H Center are back on the calendar with Daylight Savings Time. This ride will be at 5:30 so we can finish before dark. Consider planning to stay for dinner after with the other riders. This is a great opportunity to get to know others.

**Tuesday evening rides** at Olmstead are also back. These are only 17 mile rides for March and will start at 5:30 also. Safety is a concern!

**Wednesday night rides** at Garvin Park Consider coming early if you want extra miles. You can earn up to 20 miles on these circuit rides in the park. We are staying in the park due to potential flooding on the Greenway. Lights are no longer required as we should be in by dark at 7:00. Consider planning to stay for dinner after with the other riders. This is a great opportunity to get to know others.

**Thursday mornings** at Mesker are back. We have spent the last two months at Newburgh on Thursday mornings because the roads there are cleared in the winter better than the west side ones. However, we are assuming winter is passed and going back to rotating the Thursday morning rides between the Old Dam and Mesker Park.

**The Club Centuries** are also back on the schedule!!!

We are riding the Tennyson Century or a Touring Century this month on Saturday March 19 and Thursday March 24. Meet up at Crossroads Church at 8 AM for a fun day on the bike.

**The Monday afternoon, Wednesday afternoon, and Friday afternoon rides are still on the calendar for March.** They won't stay there all year though. Get out and ride in the warmer part of these spring days! Enjoy!

**GET OUT AND RIDE!!**

**WE HAVE PLENTY OF  
OPPORTUNITIES ON THE CALENDAR  
TO RIDE WITH FRIENDS.**

**COME JOIN IN THE FUN!!!!**

**IT WILL WARM UP SOON.**

**SPRING ARRIVES ON MARCH 20.**

## Levels of Bicycling and Walking to Work in the United States

Source: ACS 2011-2013

Commuter bicycling and walking rates at the state level have changed relatively little in recent years. Oregon remains the state with the highest bicycle to work share at 2.4%, nearly 1% higher than the next two highest states, Montana (1.5%) and Colorado (1.4%).

From 2007-2013, the majority of states showed a decrease in commuting by foot, though most decreases were minimal. Alaska (8.0%) remains the state with the highest share of commuters walking to work, more than 1.5% higher than the next two highest states of New York (6.4%), and Vermont (5.8%).

## STATES RANKINGS

Over the course of the Benchmarking Project, state rankings have stayed markedly consistent, with little differentiation among the top states for walking and biking to work.

From 2007-2013, the highest gains in biking to work came in Oregon (0.7%), Hawaii (0.4%) and Vermont (0.4%), while the biggest increases in walking to work (0.5%) were seen in Oregon, Rhode Island, South Carolina and Massachusetts.
