NEWSLETTER OF THE EVANSVILLE BICYCLE CLUB • EVANSVILLE, INDIANA

Don't forget the EBC meeting in APRIL at the Pizza Chef in Newburgh.
Social at 6:00,
Meeting at 6:30

Evansville Bicycle Club, Inc. Mission Statement:

The Evansville Bicycle Club Inc., is an organization formed to promote bicycling in the Tri-State area.

We advocate bicycle safety and education in our local communities by participating in and supporting health, fitness and cycling activities.

The club provides the opportunity for cyclist of all ages and abilities to partake in cycling activities on a regular basis by offering a variety of rides weekly.

Diane Bies The President's Letter

 $ilde{t}$ pril is upon us. The club is placing an order for more EBC club jerseys at the first of this month. If you didn't order yours with Gary Gardner, please contact Gary or myself immediately! We will order a few extras but may not have ordered the exact jersey you desire. We have two designs with multiple sleeve length options, and female and male jerseys. The chances of us getting exactly what you want without your request are iffy at best. No payment is due until the jerseys arrive which will

hopefully be in early June.

You can tell it is spring and full riding season is upon us. There have been a lot of new people talking about rides. Hopefully by the time you read this our routes will be mostly freshly marked so people will not get lost this summer. I realize they got in bad shape over the winter. Remember when you are riding that the marks do not change shape or color. Many of our routes overlap but stay the course with the marks you start with to find your way back timely and without too many extra miles. It takes a lot of time and effort to get them all marked but we are doing our best. If you see a missing mark sometime, please let me know so we can get it fixed. If you would like to help with route marking, please also contact me and I will set you up with someone experienced and a route to

I have started seeing a number of notices for organized rides lately. As the weather gets nicer, there will be so many more opportunities to ride. We have adjusted the guidelines regarding what rides count for "EBC mileage" this year. Basically any ride that you pay to participate in counts

for EBC mileage and can be turned in to Rusty for credit. So if you go out of town to do a ride that is organized and has a registration fee it will count for club mileage this year. We have stipulated that you must get at least

half of your mileage with regular EBC rides though so we still encourage you to participate in club rides. I have sent information on several rides to Paul Sluder, our editor, to include in this newsletter.

The Kentucky Century Challenge

gets into full swing this month also. The Red Bud Ride in London, Kentucky promises to be a fun ride for all. There are other mileage options. It is not on the calendar but I know several people will be going there. It is fun to discuss these things at ride and on our Facebook page so others can join in the fun and share rides etc. Personally, I would much prefer to have a friend to ride with on an out of town ride. So, check it out.

I will be riding the Natchez Trace again this month with the Fuller Center for Housing. I also plan to ride from Columbus, Ohio to Washington, D.C. later this summer. If you have any interest in that please let me know as I would love to have more people from the club involved there too.

As you see there is so much fun to be had! Come join the club on a ride soon if you haven't ridden with us lately. It is great to see friends. Wherever you ride, remember to always wear a helmet and be safe!

Diane Bies

EBCRIDE NOTES

EDITOR'S NOTE: On the following pages contain information about out-of-town "invitational" bike rides which may be of interest to EBC Club Members:

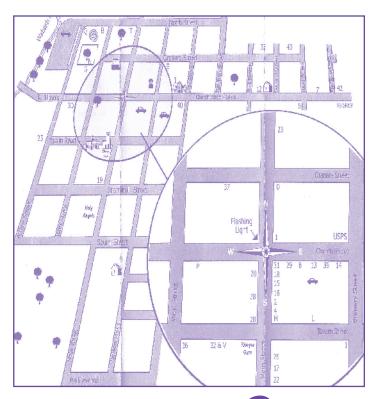

FROM THE ORGANIZER OF THE RIDE-THE-FAULT-LINE in Missouri:

I'll mention our group discount program, which is, from what I can tell, quite possibly unique among multi-day tours.

Each member of a group of more than 6 people registering under a group name and at the same time receive a discount of \$20 off the then applicable adult rider rate. Groups of 20 or more members receive a free event T-shirt, as well. Group/team leaders can contact us for the details on how to register under this program.

We also operate a much smaller, "boutique" tour in the Fall along Missouri's KATY Trail that some of your members might be interested in. Designed for those looking for a luxurious yet informative and entertaining cycling experience, "KATY Trai Epicurean" has spots left open on our week of September 24-30 tour. Interested cyclists can find out more by visiting the website www.katytrailbiketour.com or emailing us at katy5487@gmail.com -- SEE AD ON NEXT PAGE

Harmonie Hundred

Welcome to historic New Harmony. Our town, on the Wabash River, will once again host the Harmonie Hundred.

On Saturday, the route is 48 miles or a 24 mile ride. Lunch and snacks are provided to all riders.

On Sunday, riders can choose between a 53 mile route, 38 mile route, and a 16 mile "Family Ride". All riders will wind through the Harmonie State Park. Please brake for deer! And, stop for brunch at the Park exit.

All of the riding will be on rural, well-paved roads. The routes can best be described as "winding and rolling." No monster hills (except the first mile on Sunday!) The spring flowers and trees will be in full bloom. Maps will be provided at registration.

The Harmonie Hundred is intended to be a tour. Please do not come if you want to race. HELMETS ARE MANDATORY!

New Harmony

In 1814, Father George Rapp led a group of German immigrants (called the Harmonie Society) to 30,000 acres on the Wabash River. They built and perfected a cosmopolitan community from the wilderness of the Indiana Territory. In 1824, Robert Owen, a Welsh-born industrialist, purchased New Harmony with plans to create a model community where education and social equality would prosper. His Utopian dream was not fully realized, but his efforts produced pioneering contributions to education, geology, trade schools, and women's suffrage. Many of the original buildings and sites from old New Harmony remain, and are open to the public.

Directions

New Harmony is a 3 hour drive from St. Louis, Louisville, and Nashville, 3.5 hours from Indianapolis, 4 hours from Cincinnati, and 6 hours from Chicago. From the east or west, take I-64 to the New Harmony Exit (4) and follow the signs. From the north, take US 41 to I-64 West, take I-64 to the New Harmony Exit (4) and follow the signs. From the south, take the Pennyrile Parkway to Henderson, Kentucky, and US 41 to Evansville, then

take Indiana 66 West to New Harmony.

Ribeyre Gym Restoration:

Due to declining enrollment and reduced funding, the New Harmony School has consolidated with North Posey, a neighboring school district. All funds will go towards the restoration of the Ribeyre gym. The success of the Ribeyre Gymnasium Project is established with a history of numerous awards and recognition for its work with restoration of a historical building. The 2006 New Harmony Comprehensive Plan identified the Ribeyre Gymnasium project as a "catalyst" for future development in the Town of New Harmony. Renovations-to-date are a "catalyst" for future funding opportunities for the gym. Heating, and air conditioning, as well as the new kitchen project, have been completed. Installation of efficient heating and addition of air conditioning has made the building available for community use throughout the year. 2010 projects included new restroom facilities in the annex and gymnasium renovations consisting of: removal and replacement of ceiling tile, with addition of insulation in gymnasium, stage, balcony and dressing room areas; new wood molding around ceiling in gymnasium; repair of plaster in balcony; complete interior painting in lobby, gymnasium, stage, and dressing rooms. These improvements not only improved the energy efficiency of the building but were essential to the marketability of the building for community use.

Single Path Labyrinth

The design you see on back is that of the Cathedral Labyrinth and Sacred Garden, installed in 1997 on North Street in New Harmony near the Atheneum, and blessed by the Rector of the Charters Cathedral, France, on October 12, 1997. The geometry of the garden is based on the sacred geometry of Chartres Cathedral and the labyrinth is a very close replica of the Chartres Labyrinth. The six realms in the center of the labyrinth are (clockwise from point of entry) the realm of mineral, of plant, of animal, of human,

of angelic, and the realm of the unknown. There are no deceptions with this labyrinth, no tricks or dead ends. The deeper level of a single

path labyrinth is to give you the opportunity to look within as you follow the path to the center and retrace your way to the beginning, completing the journey of a walking meditation. You are welcome to visit this sacred place during your stay in New Harmony.

Harmonie Hundred Registration Form

Registration will be held at Holy Angels Catholic Community Center, located at South and Main Streets in downtown New Harmony
