I am writing this from my annual trip down the Natchez Trace with the Fuller Center for Housing. I am enjoying it as much as I have for the last 5 years, as each trip is different with different people and weather.

We do stay at the same churches on our trip so it is also fun to see the hosts year to year. Sunday was true to form on this ride in that it rained all day although not terribly hard most of the time. It did start to lightning just as we pulled into the church for the night. Monday was dry though chilly, 50 degrees, in the morning warming to around 70 and clear by the afternoon.

It has continued to warm up as we go south. We have another great group of people along this year from all over the United States and one from Nigeria. We have all ages from mid 20's to a gentleman who will turn 90 in July. So interesting! We have eaten so much good food at potluck dinners and at our sag stops. We went to church people's homes for showers Sunday night and have had showers at the churches since then. There are wildflowers all along the trace to enjoy. The scenery and landscape are constantly changing. Tomorrow we will build a porch and handicap ramp, put siding on a house, work on the landscaping and start the sheet rock hanging if we have time. I am still hoping that some year some of you will join me on this wonderful trip. Last year was fun with Pat Keck from Evansville and my daughter, Nicole, along with me. Each year is fun with the various friends

The President's Letter

I make from around the country. May is National Bicycle Month. There are so many opportunities to get out and ride this month. I hope you will seize some of them. The Ride of Silence will be held at the State Hospital on Wednesday, May 17. This should

be a moving ride as always when we remember those who have died or been injured while cycling on public roads.

Please join us. The week of May 15 to May 19 is Ride to Work Week, with Friday,

May 19 as Bike to Work Day. It would be so wonderful to have our club represented on the roadway riding to work that week and or day.

Wasn't April strange this year?! We had March winds, April showers and May flowers along with warm, as in very hot days, to chilly, cold days. It has been funny to see the posts about using the AC and then the heat again in April. I also have found it humorous to wash sleeveless jerseys in the same week I washed some of my warmest jerseys too.

Summer and warm weather are just around the corner. I can't wait! Enjoy the many activities of National Bicycle Month! As always, look at the calendar and the ride notes to know what's going on and where you need to be.

Enjoy!

Diane

Transportation Rolling Onward . . .

A very neat bike ministry story from the newsletter from Patchwork Central, one of the programs we support.

The finished bike room is just outside my office. When people come in who need a bike, Pete takes them to look over our inventory to see if there's something that will meet their needs.

Last week I overheard a woman who was looking at the bikes with Pete. In order to start narrowing down the possibilities, he asked what she was planning to use the bike for.

She said she needed it to go to work sometimes. It's a little bit of a distance.

Pete showed her one bike that he thought would be good. It was a solid bike for riding with multiple gears to help you get where you're going on a regular basis, not just a short cruise to the store.

I wasn't paying close attention, but the next thing I was aware of Pete saying was, "Oh! You're taking this home today! We're going over to the studio and we'll fill out paperwork right now."

She clearly was expecting a wait list or an extended intake process. She was shocked. "You're kidding... You're kidding. I'm going to cry. Oh my goodness." Not long after, she was riding away on her new transportation.

Pete is determined to give out 100 bikes in six months, and he's on track to do it. He's given out nearly 90 bikes at this point.

He's given away so many bikes that he could use more:

- 24" or 26" Men's-style mountain bikes (we're well stocked on all other styles of bikes, especially children's bikes).
- New 24" or 26" tires and tubes, the items needing replacement most often.
- Donations to the bike shop that will allow Pete to purchase new tires, tubes, parts, and tools that he needs.

First Friday Family Bike Night at Haynie's Corner May 5th

In its third year of First Fridays, the Haynie's Corner Arts District is going all out this year! With the event running the First Friday of every month, April thru September, the events committee opted to loosely theme this years events.

The month of May, seemed the perfect month for a "Family Bike Night" at the corner, and being able to coincide with the launch of the Evansville Trail's Coalition Bike Incentive, it was a perfect fit. Between Zagster Bike Share sign up, the bike initiative launch, and even a bike parade, it is bound to be a biking good time!

The event is May 5th, 6pm - 9pm, with multiple food trucks, musicians, artists featured at many of the Haynie's Corner businesses, and this month all of the special events around the "Family Bike Night". We invite all members of the Evansville Bike Club to join in the very first Bike Parade! No need to sign up, just meet on Blackford Street between 2nd and 3rd Streets (we call this short Blackford as there are only

4 houses on it). We encourage costumes, children, and any cool additions to your bikes.

If you google bike parades, you'll see some fabulous ideas, and we'd love for you to get creative and join us! The parade will leave at 6:30pm, go past the fountain, up Jefferson Street, around the Goosetown Park, and will come up Adams to end at the fountain. Evansville Pedicab will be our grand marshal, with local bike police to lead the parade.

Plan to join us for art, music, food, and spirits, and more important, DO IT ON YOUR BIKES!

All information can be found on our FB page at Haynie's Corer Arts District, or on our website <http://hayniescorner.com>. Not only would we love for you to join us the May First Friday, we'd love to see you out on your bikes the other First Fridays through September, and all year long with the great savings from the Bike Incentive Program.
