The President's Letter

I would like to begin by apologizing for the calendar, ride notes, president's letter, and thus the newsletter being late this month. I have had too much fun with my family at the end of May to keep up with my responsibilities to EBC.

I do appreciate that no one seems to mind too much. This is such a great organization! I appreciate the gentle nudges I received for the calendar to be done and posted on Wednesday May 31. It did motivate me to work faster. Jay Vercelotti is doing a great job on our website and I am slowing him down!

We are in need of route markers. Every year we need to spruce up our marks so we don't get lost. Bill Majors and Jim Niethammer have been out some. Please contact Bill Voegel if you have any interest in helping in this much needed area. We supply the paint, and training if needed, you choose the time and route. Thank you so much!

Thank you also to everyone who made May a great Bicycle Month. We had a very successful Ride of Silence this year. We had a small but nice turnout, great weather, police support, and perfect silence during the ride and a fun time at Hacienda after. I hope more of you will be able to participate next year. As to June, the days are definitely getting longer. I hope everyone is enjoying the extra daylight hours out on your bike. The evenings are a great time to stretch your legs. We have a ride offered Monday through Thursday nights. Come out and join us!

This was quite a calendar to put together this month! There are so many fun rides offered both on a Saturday around in the area

and also full week long bike tours. Check out the calendar and ride notes for more details. June is also a great month to share our love of cycling. The Easter Seals Rehabilitation Center is offering the I Can Bike program again this year. This is an amazing program where special needs

children learn how to ride a bicycle. It is a weeklong program using adaptive bicycles and a special program that helps the students gain independence on a bicycle.

There are one hour time slots offered each day

pretty much all day long. The students come all week at their designated time. It would be great if we could offer some manpower to help with this program. It is a very rewarding way to spend your time. We do offer a scholarship to help some of the participants be able to afford the program.

Please contact Paul Jensen at 812-760-6158 to volunteer, or email Patty Balbach at pbalbach@evansvillerehab.com. Another volunteer opportunity I would like to mention is the River City Bicycle Classic. They are asking for help to staff the course as course marshals and all kinds of duties that day.

Any help would be appreciated. If interested contact Tracie Irvin Young at rcbcvolunteer@gmail.com.

Be safe out there and enjoy the warmer days.

Happy June!

Diane Bies

35 Signs You're a Cyclist

COURTESY OF MEGHAN RABBITT, MAP MY RIDE BLOG • JANUARY 10, 2017

The rituals, habits, idiosyncrasies and quirks that bond us riders together mean that some things we take for granted aren't universal to nonriders. Here are 35 telltale signs that you're officially a cyclist (congratulations):

1. You can't recognize your biking friends when they aren't wearing Lycra. And you haven't known whether to be flattered or offended when one of them has seen you in your street clothes and said something like, "Wow! You look really good!"
2. There's never room on the top shelf of the dishwasher for anything other than water bottles — and no matter how many times you've scrubbed them, they still look dirty.
3. You've tried every energy bar, gel and powdered electrolyte mix on the market and have homed in on the exact right combo to keep you from bonking on long rides.
4. The "check engine" light in your car has been on for months, but the most minor mechanical issue on your bike is resolved immediately...
5. ...that might be because your new bike is worth more than your car.
6. And that bike has a nickname.
7. You have at least one Facebook profile shot of you posing on or next to your bike with a gorgeous landscape (read: ocean, mountains or vineyards) behind you.
8. When you're driving and see a pack of riders, you slow down to a near crawl and give them plenty of room. You know what it means to share the road.
9. You also know what it means to swear like a sailor when an SUV cuts you off or a hater honks and nearly startles you off your bike.
10. Saturday errands happen after your ride, probably while wearing spandex, and quite possibly while clomping around in bike shoes.
11. You could cry when your favorite spin instructor — the one who makes you feel like you're on a road ride instead of dancing on a bike — has a sub.
12. You can't help silently criticizing your fellow students in those spin classes. (Bouncing off the bottom of a pedal stroke! Not enough resistance on the wheel!)
13. You know that "Nobody gets dropped" is code for: You will most definitely get dropped if you can't keep up — but one of the nice ride leaders will circle back to make sure you're OK.
14. You plot vacations around century rides.
15. Tan lines are inevitable. From permanent stripes on your thighs to little cut-out shapes on the tops of your hands, your tan lines will probably incite laughter at the beach.
16. You don't notice the grease "tattoo" on your leg until you've showered, dressed and arrived at the picnic.
17. You ride to and from work because it's the fastest way, and you've become a pro at getting ready in the office bathroom.
18. You spend more time on MapMyRide than on email some days.
19. If you're a woman, you take better care of your favorite bike shorts than your finest lingerie. (Probably because you drop more coin on bike shorts, shirts, shoes and other gear than you do on your regular clothes.)
20. If you're a man, you have smoother legs than your wife or girlfriend.
21. You actually gasp when you discover your neighbor doesn't inflate his or her tires for every ride.
22. You embrace fluorescent jackets, vests and shirts. The brighter, the better.
23. You know what it means to do time in the saddle.
24. You also know that those so-called comfort saddles are anything but comfortable after about 20 miles.
25. You start your Saturday rides when some folks are just getting home from the clubs.
26. You've felt the shame of having to walk your bike up a hill — and the pride of conquering that climb on your bike after a few weeks' training.
27. Your physical therapist knows you (and your IT band) so well that you have a standing invitation to the annual holiday party.
28. You have more Lycra in your laundry basket than jeans.
29. You consider the color of your bikes hanging from your ceiling when choosing a new paint color for that room. If you live in a big city, there's a good chance that room is your bedroom or living room.
30. You're baffled when your roommate or partner doesn't understand why your bikes can't be stored outside.
31. If you have a garage, your car doesn't fit inside thanks to all of the bike stands and other cycling gear.
32. Some of your gnarliest falls have happened at a standstill, when you've stopped but forgot you were clipped in.
33. When your co-worker says he's interested in buying a bike, you scare him off by asking how many thousands he wants to spend.
34. You judge everything by how aerodynamic it is — from the shopping cart at the grocery store to the canopy on your kid's jogging stroller.
35. You take a bad fall, know that there's blood gushing out of your knees and elbows, but your first question is whether or not your bike is OK.

Looking to July:

On Saturday, July 1, we offer the annual ride to New Albany. You must have your own sag to get back to Evansville after the ride. This is a great training ride for those who are doing RAIN in July this year or others who are just looking for a challenge. It is a very hilly 122 mile ride.

Keep your eyes peeled for a special ride on July 4. Hoping for a hosted ride that day.

Guidelines for Year 2017 EBC Mileage and Volunteer Eligibility

4/17/2017

In an effort to eliminate, or at least reduce, the ambiguity concerning what does and does not qualify for club mileage and volunteer crediting, the following guidelines have been adopted to standardize eligibility for the 2016 calendar year.

General Club Mileage Guidelines

1. All regularly scheduled weekday and weekend rides on the monthly calendar (i.e., Olmstead, Reitz, Elite, Elite TP, Castle, Mesker Park, West Terrace, Scott, etc.) are eligible. Departures should be within 30 minutes of the scheduled start time.
2. All regularly scheduled circuit rides will be credited for miles ridden up to 20 miles. Departures should be within 30 minutes of the scheduled start time.
3. All club centuries are eligible. Variable mileage up to 100 miles can be claimed. Riders have the option to ride the recommended century route on the schedule, or to ride any route of their own choosing provided they begin from the designated starting locations and depart within 1 hour of the scheduled start time. Club centuries are effectively wildcard rides with regards to route, but not time and place.
4. All "EBC hosted" rides that are noted on the monthly ride schedule are eligible. Departure only at scheduled time.
5. All "EBC special" rides that are noted on the monthly ride schedule are eligible (e.g., Evansville to New Albany Ride, Pre-Pumpkin Ride, etc.). No mileage will be credited for riding the GPM on the day of the event.
6. All "non-EBC" special rides are eligible.
 - A. All organized fund raiser type rides are eligible (e.g., Harmonie Hundred, Strassenfest, Hilly Hundred, etc.). The rider must be a registered rider in the ride.
 - B. All multi-day tour events are eligible (e.g., TRIRI, RAGBRAI, GOBA, etc.). The rider must be a registered rider in the ride.
 - C. All competitive race events are eligible (e.g. River City Bicycle Classic, River City Senior Games, White River Senior Games, etc.). The rider must be a registered rider in the ride.
 - D. Newsletter articles are not required to receive credit, but are still encouraged.
 - E. Mileage cannot be claimed for rides with other clubs or rides that are not an official fee-based event.
7. At least 50% of a member's total mileage at the end of the year shall be EBC sponsored rides (i.e., any ride specific to the EBC as noted in Items 1 through 5 above).
8. No mileage will be credited for riding the route not scheduled for that day (i.e., you cannot accidentally ride the Dogtown route if the ride is scheduled at Elite).
9. All scheduled rides must be ridden in their entirety once started. Full mileage cannot be credited for a ride that is started, abandoned and finished at a later time.
10. Mileage will not be credited for volunteer efforts, including the Great Pumpkin Metric. See Volunteer Credit Guidelines.
11. Adults that complete a minimum of 500 EBC eligible miles shall receive an award plaque or mileage plate for the calendar year.

Youth Club Mileage Guidelines

1. A youth cyclist must be accompanied by an EBC member parent or grandparent for youth miles to be counted.
2. EBC members can ride with a child or grandchild at any location deemed safe by the parent or grandparent and may submit those miles toward a Youth Cycling Award. Youth miles completed on a bicycle, mountain bicycle, in a trailer, on a tag-a-long or on a tandem bicycle will qualify.
3. The youth cyclist must be a member of the Evansville Bicycle Club for youth miles to be counted. In the case of an EBC member grandparent wishing to ride with a non-member grandchild, the EBC member grandparent will need to obtain a signed Release of Liability from the parents of the grandchild. The Release of Liability must be submitted before the grandchild can be included in the EBC Youth Cycling Program.
4. Mileage shall be credited to an EBC Member for the miles they ride with their child or grandchild.
5. Youth cyclist must wear a bicycle helmet on all rides submitted for youth miles.
6. Youth cyclists can transition into the adult mileage program when the parents and/or grandparents feel it is both appropriate and safe to do so.
7. Youth cyclists that participate in regularly scheduled EBC club rides will need to have a parent or grandparent sign the ride sheet for the child.
8. Youth miles shall be submitted in 1 mile increments for a given day.
9. The monthly mileage statistics will list the mileage credit for those members enrolled in the youth program. Youth members will not be ranked by mileage and there will be no youth mileage leader at the end of the year.
(continued on next page)

Youth Club Mileage Guidelines (cont.)

10. Eligible youth mileage that is not from a regularly scheduled EBC club ride shall be submitted to the statistician via e-mail or other appropriate means.
11. Youth mileage awards
 - A. Participant Level – 1 to 25 miles –Certificate of Achievement
 - B. 25 Mile Level – 25 to 250 miles– Mileage Award Certificate
 - C. 250 Mile Level – 250 to 500 miles – Mileage Award Plaque
 - D. 500 Mile Level – 500 to 750 miles – Bronze Medal+ Mileage Award Plaque
 - E. 750 Mile Level – 750 to 1000 miles – Silver Medal+ Mileage Award Plaque
 - F. 1000 Mile Level – 1000+ miles – Gold Medal+ Mileage Award Plaque

Century Club Guidelines

1. All 100+ mile rides started and completed between 12:00am and 12:00am are eligible. Multiple centuries (i.e., 200+, 300+) are eligible and will be counted as two or three single centuries provided that all of the mileage is completed as part of a single ride.
2. Scheduled club centuries and all personal non-club centuries completed will be counted for the “Century Club” program. For non-club centuries the riders name and date of the ride must be submitted to the statistician on the appropriate form by mail or via e-mail. It is recommended that non-club centuries be submitted monthly using the official log sheet available via the EBC web site or by request.
3. Centuries submitted two months after the date of completion will not be accepted.
4. All riders that document 10 or more centuries for the calendar year qualify for the “Century Club” and will receive a plaque at the end of the year.

Commuter Miles Guidelines

1. Members choosing to participate in the commuter mileage program are required to keep track of their mileage on a monthly basis using the official log sheet available via the EBC web site or by request.
2. Eligible mileage includes any usage of the bicycle for the purposes of transportation instead of a motor vehicle. Typical usage includes riding to club rides, riding to work, or conducting errands.
3. Mileage should only be counted for the most direct route from point of origin to point of destination. In other words, a trip that would have only been 8 miles by vehicle cannot be turned into a 20 mile commute by taking the scenic route.

Volunteer Credit Guidelines

1. Credit for volunteering at EBC sanctioned or approved events/activities shall be credited based on the duration of the individual’s participation. Credited time shall be recorded to the nearest half hour.
2. Eligible events/activities for volunteer credit will be primarily focused on participation in community outreach related activities, or to provide support to other local organization events, but not for activities internal to the function of the EBC. Eligible events/activities include, but are not limited to: bike rodeos sponsored by the EBC, Evansville Streets Alive booth, River City Bicycle Classic booth, I Can Bike, YMCA Triathlon support, Evansville Otters helmet fitting, etc.
3. Volunteer efforts/activities performed by elected officers and staff as part of their appointed duties are not eligible for volunteer credit.
4. Volunteer work for the Great Pumpkin Metric will be credited for all efforts associated with the event that are submitted.
5. Updating club route “Dan Henry” markings is not eligible for volunteer credit.
6. It is the responsibility of the member to submit the name of the event and the amount of time of participation. It is recommended that this be submitted monthly using the official log sheet available via the EBC web site or by request.
7. Volunteer credit (hours) will be recorded and posted with the mileage statistics monthly.
