Wow! Is it really September already? The days are getting shorter, evening rides are getting earlier and shorter.

We won't talk about what lies ahead in a few months... Instead we will enjoy the great times right now.

It is time to ramp up all efforts for the Great Pumpkin Metric. There are still many spots to fill with volunteers. Please contact me if you are interested in working on Sunday October 7.

We need people any time during the day. If you cannot work in the morning, please volunteer in the afternoon when people who have been there all day are getting tired. We also need to get the word out to the community that this event is happening and they should all be there!

It would be great if we could get some schools or businesses to send large numbers of people out for a healthy pursuit for the day.

Toyota does a great job of getting their people involved. Please talk this up in all of your circles, biking and otherwise. If anyone would like some posters and flyers to spread around, we have plenty. Just contact Diane Bies at 812-453-9966 or Biesdi@aol.com. I will gladly get you some.

I am excited to see a hosted ride on the calendar in September. These are always great opportunities

The President's Letter

to ride and visit with fellow club members.

Tom Gabe is hosting his ride on September 16. Then we have the Pre-pumpkin ride on Sunday September 30. (Not hosted, but

always fun for our members.) If you look at the calendar you will also see a ton of fun organized rides available around the area too. So much fun to be had!

The heat has finally dissipated and sadly the days are getting shorter again. Everyone seems to be in prime shape these days. It is a great time of year to be out on a bike.

Be sure to ride the pre-pumpkin the week before GPM. Then be ready to work on October 7 as we host our

community for the greatest day of cycling fun in Evansville!

Come help make it great. This is your club and your opportunity to make it shine.

Diane Bies
