MARKED UP!

Ride Schedule and Website News with Tour Director and Webmaster, Jay Vercellotti
rides @ endlessvistas.com

Time Changes for October: The month of October brings a few annual start-time changes. The centuries will start at 8am, the Sunday afternoon ride moves up to 2pm, and the Saturday morning rides will be at 9:30am. These time changes were simplified last year to reduce the number of changes.

Ride Changes for October: The Wednesday night circuit rides resume and will alternate between Garvin Park and Wesselman's Park. Remember that Head and Tail lights are **REQUIRED**. The Tuesday and Wednesday night rides ended at the end of September. Also, the Thursday morning ride ended for the season and will not be listed on the calendar (as a non-counted ride) as in past years. We decided that if it doesn't count, it doesn't go on the calendar.

Great Pumpkin: The GPM is on Sunday, Oct. 4th. Volunteers are still needed. **SAG DRIVERS NEEDED!** Please contact me via email (above) or by phone at 867-7549 or 454-4818 (cell) if you are interested. SAG drivers are reimbursed for gas. You

don't need any major bike repair skills. If it comes to that, then the rider probably has something beyond repair anyway. An air pump, cell phone, basic tools, and the ability to fix a flat tire are enough. Spare parts are provided. Having a truck or a car with a bike rack is important, too. It is a great way to help make the Pumpkin a success and you get club miles for volunteering. Plus you can graze all day at the rest stops! Also, I learned last year that it's no fun to have your vehicle leave you stranded and with a big puddle of transmission fluid underneath it at the last rest stop of the day, so having a reliable vehicle is certainly a plus. As of this writing, my poor old truck is still sitting immobile in my driveway waiting for a new transmission!

Get out there and ride — any distance at any speed. Just be sure to enjoy yourself along the way.
